Subject:	WRF 4718 - Project Kickoff Call
Date:	Wednesday, January 24, 2018 12:11:58 AM

[External Email - Be careful! DO NOT open attachments or click links from unknown senders or unexpected email.]

Greetings WRF 4718 Project Partners,

As you may recall, the Water Research Foundation has selected our team for the project entitled "**Battery Storage System Guidance for Water and Wastewater Utilities (WRF 4718)**". Your organization generously offered to contribute to our Advisory Board by providing input at key project milestones and offering your perspectives to our research team along the way.

One of the ways we would like to get your input is to conduct regular conference calls with our Advisory Board. Our first project kickoff call will be held on **February 7, 2018 at 11am (PST)**. A GoToMeeting link will be sent in a separate invite. The objective of this first call is to provide an overview of the project goals, discuss the scope of work and schedule, and talk about your Advisory Board role and expectations.

We hope many of you can join. Your participation is important to us and the Water Research Foundation. We appreciate your involvement, and look forward to working with all of you.

Best Regards,

Carla Cherchi
Project Principal Investigator
